# RI PRESIDENT'S MESSAGE

## August 2022

**W**e've all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism — an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity — the honor to extend an invitation.

It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It's often tempting to attract people who are exactly like us. It's a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

### **“It's time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization”**

Embracing an experience where people feel included is more than just making our membership numbers more diverse. It's about making our meetings and events places where we can speak openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength — and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come.

A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target.

**“We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership”**

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.

**JENNIFER E. JONES**  
RI President, RY 2022-23

## August 2022

**G**reetings to My Imaginative Amazing Treasures!

We started our Rotary Journey in this Imaginative Year, after having emerged and survived so many challenges during the past two (2) years, with extreme eagerness and enthusiasm to celebrate and share the joy of reuniting with fellow Rotarian friends whom we have not seen in the flesh, having viewed and met each other only in the confines of a cold cyber space medium of unreacting 'Zoom Boxes'.

With the COVID-19 virus seemingly relegating itself to mutation to lesser virulent strains, we have incited the flames of warm fellowship within clubs reverberating to the various Zones of our District 3800 and across the whole country as well!

Having been frozen in fear and feeling catatonic while in quarantined isolation, the emergence of the need to rekindle the bonds of friendship and kinship among us Rotarians made everyone realize that we have to make time for each other. All of District 3800's kinetic energy went haywire resulting to a wild frenzy of multi-varied celebrations of Club Anniversaries distinct from elaborately festive Induction and Handover Celebrations, with some clubs opting for a stand-alone Governor's Visit.

**Strategic Planning sessions which were normally confined to the regular meeting venues became 'Revenge-Tourism' opportunities to destination locations outside the District, thereby refreshing creative minds to 'think outside the box' resulting to truly imaginative projects so different from previous Rotary Years.**

The very creative products of the fertile imagination of Rotarians rising to the all-encompassing challenge of RI President Jennifer Jones have become very evident in the twenty (20) Governor's Visits I have accomplished to date. Their Strategic Planning exercises following the three-year template of Rotary International has ensured the establishment of sustainable meaningful projects of clubs dedicating more Days of Service with multi-pronged objectives covering three (3) or more areas of Focus of The Rotary Foundation (TRF) in each Day of Service.

The Rotary Clubs which have been visited to date have all yielded more achievement targets ranging from a minimum of 18 humanitarian projects for the smaller clubs to as many as 40 targetted service projects for the Rotary Year.

All of the Rotary Clubs which have already welcomed me to assist them finalize their Club goals to be aligned with the District's Thrusts and Rotary International Objectives have presented wonderful examples of humanitarian projects that will contribute to what may be deemed as Legacy Projects with a maximized number of beneficiaries with measurable outcomes that will constantly be monitored and managed by them. Gone are the one-shot-deal type of projects so prevalent in the past.

**Congratulations to the first twenty (20) Rotary Clubs which have been so brave enough to enlist their clubs for an early Governor's Visit and have been guided by their respective SAGs and AGs to help improve hundreds of lives in their respective communities with unimaginable and imaginative service activities creating hope, changing lives, and creating lasting change that will ensure a brighter horizon setting the stage for sustainable impactful projects, ensuring better lives with the constant sharing of Love, Joy, Kindness and Peace in their respective communities, across the globe and in ourselves!**

The Rotary Clubs of Zone 4 (Marikina, San Mateo, Rodriguez) conducted a Joint Handover and Induction last July 24, 2022, Sunday, 4 p.m., at the Marikina Convention Center, Marikina City. It was a special in-person affair reviving a traditional event in the Zone which was temporarily suspended due to the pandemic in the last two (2) years. DG Arturo “Bobby” C. Tanyag and LCP Kristine Marie G. Tanyag, Honorary Chair of the Spouses Committee, graced the event as Guests of Honor. A bevy of District Governors and their lovely spouses, both past and future, including some District Officers, also graced the occasion.

The event started with the traditional processional of the outgoing and incoming presidents from the nineteen (19) Rotary Clubs of Zone 4 holding their respective banners followed by the Call to Order by the LCPs. After an hour, the program resumed with the Induction Proper. First inducted were the Zone 4 Inner Wheel Club Officers with Inner Wheel Representative, District Chair Maricor Gamboa, as Inducting Officer. Then, the officers of the Spouses Associations of Zone 4 were presented with LCP Kristine Marie G. Tanyag administering their oath of office. We will likewise foster and offer 26 of our Rotary Clubs in District 3800 to develop sister club relationship with the same number of Rotary Clubs in District 3570”.

Speeches were also delivered by DGE Chae and DGN Jin, both in Korean language translated into English by PP Ok Kang. A Rotary Marker reflects who we are. It is a visual representation of our identity and values as an organization. They convey who we are.

The Rotary Club of Cainta chose to welcome the new administrative year last July 1, 2022 with a Rotary Marker Sojourn. This is a public awareness campaign meant to help more individuals engage in service and do good in the community. We conducted on-the-spot interviews and random dialogues with the leaders of the community as well as the people living around Rizal by telling them Rotary stories.

Mang Jose, a deaf-mute resident of Palmera Avenue, Taytay, Rizal, voluntarily came by upon seeing us. He inspected the Rotary Marker of Zone 5 along Grand Monaco, Palmera Avenue, Taytay, Rizal. Though having difficulty hearing and speaking, we were able to communicate with him through sign language. He knows the value of a Rotary Marker. He said that he regularly assists in making sure that the marker is safe from vandals and garbage thrown by thoughtless individuals on it. He claimed that he knows Rotary's mission of helping people, especially during the height of the pandemic.

## Rotary Marker Sojourn

by PP Ophelia Bello  
RC Cainta

The RC Antipolo East Rotary Marker is situated along Vista Mall which is a very busy street. Some curious tricycle drivers stopped and asked us if we need to take a ride. Having that opportunity, we asked them on what they know about Rotary. One said, he does not know about our organization, while another said that Rotary is doing good based on what he heard. When asked the same question, the banana vendor passing by had nothing to say about Rotary. On the other hand, Gina Florendo, a native corn vendor from Balak Bagong Bayan, told us that Rotarians presence is felt in their community, not only through the markers they built, but through the service projects they conduct for the people of Teresa, Rizal.

With our day's Rotary Marker Sojourn, we have lessons learned which could serve as inputs to effectively address gaps on our public image strategies. Lack of awareness on Rotary was noted as some people lacks clear understanding on Rotary and what Rotarians do in communities. Hence, we need to strengthen our public image drive to expand awareness and understanding on what Rotary does, and help motivate, engage, and inspire current and prospective members to publicly tell their Rotary stories in order to assist in the process. Imagine Rotary! Imagine if we do good together, the world would be the best place to live in! #ImagineRotary #Belmaginative

RC Navotas

In his message during the 1<sup>st</sup> Breakfast Meeting of the Imaginative Amazing Treasure Team of RID 3800, District Governor Bobby Tanyag said that limitations are only in the mind and Rotarians should keep on imagining to make limitless opportunities.

Indeed, the possibilities and opportunities to serve are limitless and boundless as proven by Rotary clubs not only in Zone 1, not only in District 3800, not only in the Philippines but around the world. Rotary clubs and Rotarians have made many unimaginable and significant service projects that helped uplift and made a difference in the lives of their beneficiaries.

We are featuring some of those projects our Rotary clubs from Zone 1 have accomplished so far at this early stage of our current rotary journey. Let us begin with...

## PROJECT: BATANG TANZA, BATANG MALINIS

by PP Angela Sioco  
RC North Bay East

The Rotary Club of North Bay East (RCNBE), led by IAT President Emmie Jeremias, turned over last August 15, 2022 a group of hand washing facility to Tanza Elementary School (TES).

The TES is the third biggest public elementary school in Navotas in terms of population with 3,469 learners and 93 teachers headed by Principal III Preciosa Cabinbin. A Deed of Donation was executed between the club and the school. With this project, the RCNBE aims to contribute a share in affording quality education to Filipino learners through the Adopt-a-School Program of the Department of Education (DepEd).

Actually, the TES proposed to RCNBE the installation of additional handwashing facility therein in preparation for the expanded phase of limited face-to-face classes last Rotary Year under LCP Shane Amor. PP Susie Lukban, our Service Project Director then, spearheaded the donation drive, together with other generous members who contributed some resources for the project. PP Brill Chua, who is an engineer by profession, was tasked to oversee the construction thereof which was completed last July 2022.

We have added a Rotary Logo to promote good public image with instruction for proper handwashing. All students will be required to wash their hands first before going inside their classrooms. The facility could accommodate 12 students and teachers at a given time. The sustainability of the project is ensured as the school management committed to maintain the facility in good condition.

Water and Sanitation is one of Rotary's areas of focus. It complements DepEd's Program of Wash which aims to provide access to quality drinking water, sanitation and hygiene services while at school. It is hoped that providing such facility would contribute positively to children's health, education and overall well-being.

# RC Malabon East sustains Adopt a School Project

by IATP Thompson S. Laohianty

RC Malabon East

The Rotary Club of Malabon East (RCME) started in 2015 “Adopt A School” as a club-initiated project under the leadership of Past President (PP) Francis Goo. PP John Co, the Chairman of Petbowe Trading Corporation and an RCME Charter Member, donated approximately four hundred pesos (Php 400,000.00) for the project. The initial beneficiary was the Potrero National High School (PNHS). PP Caloy Balmes led and supervised the project.

Moreover, in order to improve the teaching strategies of teachers and to provide the learners with foundational education through cutting-edge technology, RCME donated school supplies and equipment to convert conventional classrooms into audio visual spaces. During the term of PP Vincent Co, RCME distributed smart TVs to the recipient-schools to sustain the implementation of the project. RCME also led the city-wide training and development program for SPED teachers conducted in Tagaytay City during the term of PP Jed Concepcion. Furthermore, Phase 1 of the project, which is the installation of floor tiles on the school building (with 8 classrooms) as recommended by the school administration, began during the term of PP Art Sabino. Following Club Presidents carried out Phases 2 and 3 of the same project, which both involved the tiling of the remaining school building at the PNHS (12 classrooms under PP Gerry Ngo and 12 classrooms under PP Alexis Go). The project was successfully completed in Rotary Year 2021–2022.

This Rotary Year 2022-2023, under the RI theme “Imagine Rotary”, RCME is ready and prepared to adopt a new school community as its beneficiary, in order to provide a new better environment to learners under the new normal. IATP Thompson Laohianty and his club officers and members have already conducted an ocular inspection on the recommended classrooms or facilities in selected public schools in Malabon City. RCME continuously plans for sustainable projects that would create lasting impact to the communities.

This project is under Supporting Education which is one of the Rotary’s 7 Areas of Focus. RCME believes in the power of education in developing communities into

better places. The past, present and future leaders of RCME, including its members, are indeed resolved to continue or sustain this project as a means to empower the next generation.

ROTARY**

# IMAGINE TOMORROW

IMAGINE  
ROTARY

Intro:

Imagine tomorrow (4x)

Verse 1

Imagine all possibilities  
Imagine our world transformed  
Imagine a world that deserves our best  
we can make a change through service above self  
Imagine our role in Rotary  
with meaningful responsibilities  
Imagine the power of Rotary  
We can turn those dreams into reality.

Pre-Chorus

We can make a difference  
be brave and dream big  
We got that certain magic  
That Rotary magic

Chorus

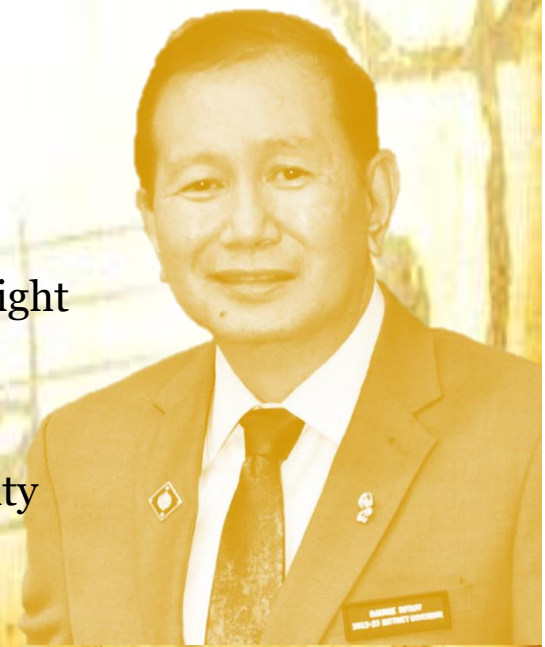

Imagine tomorrow (4x)  
We don't imagine yesterday  
we're here for tomorrow  
Let everyone have a part and say  
we're here for tomorrow

Imagine tomorrow (4x)

Verse 2

Imagine we're very near  
So close to end all fears  
of sickness that's our advocacy  
We join the fight. Eradicate what might  
harm humankind  
We do our best to save all the rest  
Imagine the power of Rotary  
We can turn those dreams into reality

(Repeat Pre-Chorus & Chorus)
